

Our Mission...

At Studio 1:16, our mission is to provide a God-honoring atmosphere that through our classes we teach not only dance, but character, scripture, and respectability. It is our prayer that as our dancers learn to value the gifts God has given them, they will use them to make known the gospel and bring praise to His name. Music used in the studio is clean in both content and lyrics. Styles of dance and costumes used in the studio are clean age appropriate. All music, costuming, and styles of dance are selected and approved at the discretion of the studio owner and director - Delaney Jones.
